TAKING YOU TO THE NEXT LEVEL

Elevated Technologies, LLC (Elevated), provides a comprehensive suite of solutions including integrated information technology, training product development and delivery, technical documentation, and Intelligence, Surveillance, and Reconnaissance (ISR) integration and sustainment. Our current government end-users include the DoD and DHS.

CONTRACT PERFORMANCE

☑ **TETHERED AEROSTAT RADAR SYSTEM (TARS)**
Prime Contract Number: 70B02C23C00000053
- Operations & Maintenance
- Technical Documentation
- Network Engineering
- Training

☑ **PDA SYSTEMS ENGINEERING & TECHNICAL ASSISTANCE (SETA)**
Prime Contract Number: W56KGY-16-C-0008
- Software & Networking
- Testing & Evaluation
- System Administration
- Aerostat Operations
- Site Maintenance

☑ **KINGDOM OF SAUDI ARABIA (KSA)**
Prime Contract Number: W56KGY-21-R-0003
- Training
- Technical Documentation
- Engineering Support

☑ **PERSISTENT SURVEILLANCE SYSTEMS - TETHERED (PSS-T)**
Prime Contract Number: W56KGY-19-D-0020
- Software & Networking
- Testing & Evaluation
- Technical Documentation
- Training
- System Integration

☑ **GSA MULTIPLE AWARD SCHEDULE**
Contract Number: 47QTCA24D003E
- 54151S Information Technology Services
- 611420 Information Technology Training

CORE COMPETENCIES

Training
- Product & Curriculum Development
- Program Execution
- Training Formats
  ◦ Classroom-Based, E-Learning, On-the-Job, and Train-the-Trainer

Information Technology & Integrated Services
- Network Engineering
- Infrastructure Design and Management
- Tactical Communications Architecture
- System Integration
- Defensive Cybersecurity

Technical Documentation
- Technical Writing
- Technical Illustrations
- Editing & Proofreading

Field Service Representatives
- System Support
  ◦ On-Site, Remote, or Hybrid
- System Repairs
- Personnel Training

TECHNICAL DOCUMENTATION

Elevated provides our customers with first-rate technical documentation services to communicate complex information in an easily understandable format. To create the final product our team works hand-in-hand with subject matter experts at various levels of an organization.

CORE CAPABILITIES

- Technical Manuals (TMs)
- Electronic Technical Manuals (ETMs)
- Interactive Electronic Technical Manuals (IETMs)
- Repair Parts and Special Tools Lists (RPSTLs)
- Field Modification Procedures (FMPs)
- Modification Work Orders (MWOs)
- Instructional/Training Materials
- Technical Illustrations
- System Topology
- Network Diagrams
- Standard Operating Procedures (SOPs)
- Data Conversion
  - Paper to Electronic
  - Unstructured to Structured

TECHNICAL DOCUMENTATION

- Sourcing information from COTS and OEM manuals, engineering drawings, and source materials to create compliant and user-friendly technical manuals and educational materials.
- Utilizing industry best practice software to author, edit, and publish content including Microsoft, Adobe, and PTC Arbortext XML applications
- Authoring and editing to the following military-standards: S1000D, Army MIL-STD-40051, Army MIL-STD-3031, Navy MIL-STD-3001, and Air Force MIL-STD-38784

TECHNICAL ILLUSTRATIONS

- Designing line art, diagrams, flow charts, and icons to accompany documentation.
- Sourcing graphics, procuring photographs, and reviewing engineering-level drawings to create MIL-STD compliant graphics.

EDITING & PROOFREADING

- Reviewing documentation for format, grammar, sentence structure, and content clarity.
- Editing content for appropriate end-user comprehension.
